Last week teaching staff from Yolla attended Moderation Day workshops at Table Cape Primary School and Burnie High. Feedback from teachers has been very positive and all who attended these meetings have expressed how invaluable they were. It is planned to use what was gained on this day to help inform the professional learning for teachers on Monday, June 18 which will focus on continued work on the Australian Curriculum.

A recent electric shock incident at a school has highlighted the need for parents to be more vigilant with electrical equipment that their child may own and use at school. The investigation into the electric shock incident identified that the power supply cord used with a student’s own laptop was damaged exposing “live” wires. Parents are requested that they regularly undertake an examination of their child’s electrical equipment including power supply cords to ensure that:

- The pins on the supply cord plug are not bent or broken.
- The outer sheath insulation on the supply cord is not damage or cut exposing the internal insulation or bare wires.
- There are no broken or cracked parts associated with the electrical equipment.

Where electrical equipment is found to be damaged then it is strongly advised that the equipment is not used until repairs have been undertaken or damaged supply cords are replaced. Repairs should only be carried out by an electrician. (The above information has been provided by Workplace Standards Tasmania)

Two weeks ago we held our annual Fireworks and Bonfire Night. A great night was had by all who attended. We were extremely lucky with the weather and the food was good, the band was great and the fireworks fantastic! A big thank you to Warren Dudfield, Den Gregg and Helena Moore for the hours of work they put in on the day, and prior. Thank you also to the band, Four Star Nation, volunteers, parents, staff and SEC members for all their assistance on the night.

Finally, as the term draws to a close I would like to thank everyone for their efforts. In particular, on behalf of the whole Yolla School community I would like to extend our appreciation and warmest thanks to Mr Steve Lovell, who after 40 years of service to the education and care of children in Tasmania has announced his retirement. Steve has spent the last twenty-one years of his teaching career here at Yolla and his compassionate, caring nature and commitment to our school and the education of our children will be deeply missed. When one door closes another opens and we wish Steve all the best with his future pursuits, whatever they may be.

Also, as from the commencement of term two until the end of the year Mr Peter Cox will be on leave. He will be replaced by Mr Matthew Woolnough.

On a final note, students will return to school after the holidays on Tuesday, 19 June. Enjoy the break, recharge your batteries and stay safe.

Colin Richards
Principal

STUDENT FREE DAY - Monday, 18 June 2012

Levies

Parents please remember that levies are due and payable by the end of term. Any invoices left outstanding where parents have not negotiated with the school will be referred to Hobart for collection by the Education Department.

**NB:** When you receive statements for multiple debts owing to the school, please remember to only use the BPAY reference applicable to that particular debt as shown on each statement. You cannot just put in one BPAY reference code expecting that it will credit all your accounts – unfortunately the new system does not do that. Each student and debt has their own reference number. If you have any queries please do not hesitate to contact me at the school. Heather Jones SEO 64381188.
The Prep's have been busy

Grace
Tyler

Elio

On Sunday a tiny and very hungry caterpillar popped out of the egg.

How preps like their Eggs!

285 On the weekend I went to my cough.
I slept my bunk bed with my friend.

This is fantastic work Haylee!
Whooping Cough (Pertussis)

- Notifications of cases of whooping cough (pertussis) to the Tasmanian Department of Health & Human Services (DHHS) have increased significantly since late-2011. Cases of whooping cough have been reported from all regions of Tasmania. People of all ages have been affected.
- Please think about whooping cough if your child (or you) has a cough. Please see your doctor as soon as possible if you suspect someone in your household has it. Whooping cough is easily diagnosed and can be treated. Children with whooping cough must stay away from school until they are no longer infectious to others (5 days of treatment).
- Vaccination provides protection against serious whooping cough disease. Infants and teenagers should receive vaccine as part of their routine, free vaccinations. Adults should also consider whether they should get a booster dose.

For more information, and contact details for DHHS, please read the Whooping Cough Fact Sheet, which was sent out last week.

ANZAC DAY POSTER COMPETITION

A few days before Anzac Day 4/5 Guest did some posters to remember the soldiers and sailors and everyone else who fought in World War 1.

Mrs Guest told us about a poster competition to enter with the theme (ANZAC). We were all working hard for about 3 to 4 days. Some people took theirs home to finish them off.

We won prizes - they were ANZAC books for the library and we Caitlin and Pearle got one for ourselves.

By Caitlin Fielding and Pearle McVilly.
